COME ALONG, GET SOME FRESH (?) AIR & WORK OFF THAT TURKEY & CHRISTMAS PUD !!

Please Note:- Entries are limited, once we're full, we're full.

Unfortunately, due to lack of suitable overshoot, we cannot open this shoot to Compound bows.
Due to using a mixed sports school field no full carbon arrows either
The round will consist of 6 dozen (72) arrows at an 80 cm target at 30yds for all archers

Sarnies' will be available from about 9.30am until approximately 10.30am, so if you sleep in and have to leave home without breakfast, don't despair! Tea, Coffee and Hot Chocolate will be available all day on a self-service basis with an honesty box

Assembly will be at 10.50am and shooting will commence at 11.00am. During shooting there will be a break after 3 dozen arrows
If the weather is particularly cold, one of the containers will have basic heating provided so that bows can be stored (especially Longbows) when not in use. It is recommended that Longbow archers take advantage of this facility, as Longbows have a higher than normal risk of breakage if they are allowed to get very very cold.
